Récupère

6x6 Hex

9x14 Rectangle 'Parefeuille'

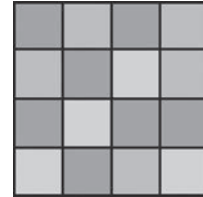

6x6 Square

Imperfect by design, Récupère Terracotta tells a story of authentic charm, with a distressed, undulating surface that only time and handcraft can create. These terracotta pavers are salvaged from the picturesque regions of Provence, Occitane, and Pays de la Loire in France.

As a truly reclaimed terracotta paver, the age-distressed surface will vary in color from light taupe and golden straw to dark reds and browns. The rustic surface is a riot of texture, color, and history.

Variation

All sizes are nominal, thickness can vary $\frac{3}{4}$ "– $1\frac{1}{8}$ ", facial dimensions can vary up to 1" from lot to lot.

EXTREME

Surface and color variation are intrinsic to the beauty and warmth of reclaimed terracotta tile. Expect the surface to be rough, pitted, and showing the natural wear of ages of use. Tiles generally require cleaning and brushing prior to installation.

Usage

Suitable for interior wall and floor applications.

Lead Time

Generally **in stock** in San Antonio, Texas.
